

Our Charity Partners

Every year we support a local charity for each of our three Kura sites, as well as working in partnership with a **main charity sponsor** throughout the year.

This year all sites will collaborate with **The Mental Health Foundation**, a charity that focuses on improving services for people affected by mental health problems.

Led by the efforts of our **Engagement Committee Team** and with a further four charities to raise money for - we are aiming for a total of £18,000 in donations!

If you would like to know more about the **Engagement Committee** and how you can get involved, please email the team at KuraInvolve@wearekura.com.
