

## ✓ What is ISO?

ISO International Standards ensure that products and services are safe, reliable and of good quality. For business, they are strategic tools that reduce costs by minimizing waste and errors, and increasing productivity. They help companies to access new markets, level the playing field for developing countries and facilitate free and fair global trade. ISO International Standards help businesses of any size and sector reduce costs, increase productivity and access new markets.

## ✓ Kura's Certifications

### ISO 9001:2008 Quality Management System

Based on quality management principles which include; customer focus and continuous improvement. The ethos behind 9001 is to ensure customers get consistent and good quality products and services.

### ISO 14001:2004 Environmental Management System

Demonstrates we are measuring and improving our impact on the environment through recycling, food waste, energy consumption and risk assessments.

### ISO 27001:2013 Information Security Management Systems

Managing Sensitive Information to ensure it remains secure. It includes; people, processes and IT Systems by applying a Risk Management Process.

### ISO 22301 Business Continuity Management

We have received a positive recommendation from our accreditation body, and are on track to receive our full certification to the standard by the end of the year. This Standard involves protecting against, reducing the likelihood of, and ensuring Kura recovers from disruptive incidents and safeguards employees and assets.

### BS OHSAS 18001 Occupational Health and Safety Management

This involves reducing workplace hazards and boosting staff morale, creating the best possible working conditions across Kura, identifying hazards and putting controls in place to manage them. Reducing workplace accidents and illness to cut related costs and downtime, engaging and motivating staff with better, safer working conditions and demonstrating compliance to customers and suppliers are also requirements of this British Standard.

## ✓ Other notable Compliance Regulations

Kura is a registered data controller with the Information Commissioners Office which ensures we are following required GDPR and Data Protection Act 2018 regulations.
